

Staycation Accessories

With more and more consumers choosing home over away, here are a few products perfect for jazzing up the yard.

Dimex LLC

E-Z Connect Edging Products are made from 100 percent recycled materials. Great for DIY projects, each product has an

anchoring system that provides versatility during installation. All products have a lifetime warranty from deterioration after installation. E-Z Connect Multipurpose Edging is the ultimate "No-Digging Necessary" product.

Corona Clipper

The TP 3206 and TP 3212 models feature a unique Dual Arc blade for the ultimate in cutting precision. A Powerglide Comfort Grip makes tangled ropes a thing of the past. Also, the pruners have a 360-degree rotating head that makes it possible for both tools to cut branches from just about any position. The TP 3206 is approximately five feet in length, and the TP 3212 can reach up to 12.

Convenience Products

Touch 'n Foam Landscape is a black-colored foam formulated to retain its dispensed color and blend naturally into surrounding landscapes, even when exposed to direct sunlight. The foam bonds quickly to rock, stone, cement, wood and cloth and is ideal for replacing loose mor-

tar in rock walls. It can also be used to direct water flow and is safe for use around fish or plants.

Tripair Inc.

The modular garden trellis can be configured to almost any height, width and/or layout. The basic kit contains two pairs of joining uprights, two horizontal members, two support cups and two decorative leaf caps. Optional kits are offered to increase the height and/or width, allowing you to design a straight line, zigzag or a closed shape trellis. It is available in either solid copper or powder painted steel tubing.
