Revised Website

Lloyd Sevack - New President of Tripar Inc

As of May 1st 2013 Lloyd Sevack has officially become President of Tripar Inc., taking over from his father, Ben Sevack, who was in charge for 64 years! Ben turns the incredible age of 90 on May 23rd and remains active as the Chairman of the Board.

Lloyd became Vice-President in 2005 and has since guided the company through many successful years; even through the global financial crisis in 2009, which hit manufacturing the hardest. Ben and Lloyd have ensured that Tripar has continued to evolve and innovate to stay competitive, and remain a proud Quebec based Canadian company. With Lloyd's appointment and Tripar celebrating their 65th Anniversary next year, Tripar is well positioned to continue growing and be successful for many years to come.

New Tripar Video

Tripar has recently commissioned a video to showcase our capabilities, processes and facility. The three minute video allows you to see the complete factory including:

- Cellular Manufacturing
- Drawing and Deep drawing manufacturing
- CNC Equipment
- In-house Toolroom
- Vast selection of Dies
- Showroom

To view the Video please visit our website at www.TriparInc.com

Re-Launches Improved Website

Tripar recently revamped its web site for improved presentation, navigation and functionality. Enhancements include:

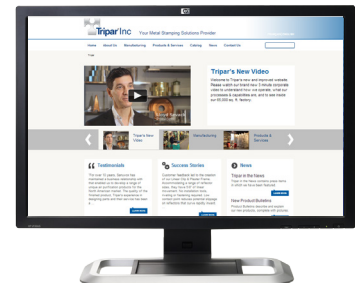

Testimonials: Read the experience of others to see how and why you can benefit by having Tripar become your metal stamping solutions provider.

Success Stories: Read actual case studies on how Tripar transformed customer problems into innovative stamped metal products.

Online Catalog: Has search and 3-D image viewing capability, allowing you to dynamically spin the part and zoom in on any features

Compatibility Charts: Allows you to see at a glance what parts fit with one another.

Request a Callback: Enter only your name and phone number for fast response.
