Ben's 90th Birthday

New Product Bulletin

Canadian Business Journal Editorial

Tripar was recently featured in the July edition of the Canadian Business Journal in a 6 page editorial highlighting our unique qualities. The article talks about Tripar's history, new markets that are opening up in the industry, and how Tripar products & services make us a leading metal stamping specialist.

Ben Sevack - Celebrates Milestone Birthday

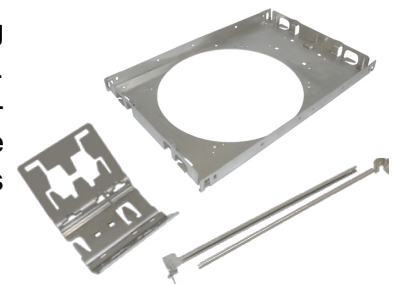

Ben Sevack, Founder & Chairman of the Board, celebrated his 90th birthday on May 23rd. The celebration began at Tripar with the staff and three generations of Sevacks in our newly renovated lunch room. It was a great opportunity for the Tripar family to come together and wish him many more years of health. The festivities continued with many friends and family over the weekend, with Ben at the heart of it all.

New Product Bulletin: Non-Magnetic Recessed Components

Tripar published a New Product Bulletin in June unveiling our new line of non-magnetic recessed lighting components. This new range includes some of Tripar's highest-demand products now made from aluminum, allowing use in MRI rooms and high humidity environments, such as coastal areas and for marine use.
